## LENT – A Season of Growth

A new season of Lent has just begun. What memories or expectations does this call forth for you? Perhaps you recall a time of going without some childhood pleasure for a time? Or do you think of it in terms of time spent at special Church services or, of quiet times of personal meditations and reflection? There is much that is good in those memories, some things we may even want to continue this Lententide. What would happen, though, if we were start out fresh and look for newer possibilities?

An example of the possible change that comes in the contrast between seeing this as a season of “penitence” and seeing it as a season of “growth.” Penitence, and a humble review of our habits and priorities, provides a foundation for reflection in this season. But, what would happen, if we focused more on what personal growth might take place?

The word LENT refers to the lengthening of days as Spring approaches. The first day of Lent, Ash Wednesday, symbolizes not only humility and repentance, but the final remains of an old style of life. From that Ash Wednesday beginning, new life springs forth like the mythological Phoenix that sprang forth from its ashes.

What would this Lenten Season be like if we were to see it as a time of transformation, of moving from the past into a new kind of future? These forty days (*all the weekdays with Sundays excluded – as they are counted as “little” Easters*) between Ash Wednesday and Easter are a time for finding new possibilities. Jesus spent forty days in the wilderness preparing for His calling in ministry. We, today, would do well to use this time preparing for ourselves for a more fuller ministry and life in Christ.

The days are already lengthening. The time has come for nurturing that growth that is eagerly awaiting to start germinating deep with us. Call forth your inner resources and look to God for help that this miraculous new growth in Christ may begin. *Pastor Neal* †

## A Message from the Christian Education Team

February was National Heart Association Month. Turn on any media source and you were bombarded with information intended to save our lives, teaching us the latest methods for a healthy heart. And, while taking proper care of our earthly bodies is important;

*“Or do you not know that your body is a temple of the Holy Spirit within you, whom you have from God? You are not your own, for you were bought with a price. So glorify God in your body.” 1 Corinthians 6:19-20*

Taking the best care of your heart requires us to seek the true “Healer of Hearts.”

Most of us are able to find the time to schedule doctor’s appointments, go through multiple medical tests, and fill medicine prescriptions at pharmacies to ensure proper care of our hearts. We may even devote ourselves to better diet choices and an exercise program. However, taking the time to seek lasting repair for our sin-blemished hearts goes unaddressed, year after year.

Make the 2020 Lent Season the time that you pursue true “heart health:”

1. **Take the time to touch bases with God**, acknowledging and giving thanks for His presence.
2. **Invite Him to come close** — to sit with you at your heart’s kitchen table and just hang out.
3. **Talk:** Some days this will feel like pouring out your heart. Other days, it will be casual chit-chat. Occasionally, all you’ll be able to manage is, “Here I am, Lord. Please be with me.” Between friends, it’s all good.
4. **Listen:** Remember to make it a two-way conversation and expect to hear from God, just as you would from a trusted friend. God wants you to know how much He loves you. He wants to offer support and guidance to you. If you don’t take the time to listen, you won’t hear His “still, small voice.” For me, this communication from God comes in any of various forms: thoughts, feelings, music, reading, nature, other people, or circumstances. Sometimes I only recognize God’s voice in retrospect.
5. **Make contact throughout your day.** Being in touch with God doesn’t have to be only during times of meditation or prayer. It can be while you’re on the run, when you’re in the midst of activities, or when you have a moment’s break. Malcolm Boyd wrote a wonderful book back in the sixties whose theme is still relevant today: [\*Are You Running With Me, Jesus?\*](#)
6. **Take action when you hear God’s voice.** If you feel God is guiding you or telling you something, take action on it as soon as possible. The insight you receive may only show you where to take the next step, but once you’ve taken that step, the following step will appear in front of you. Even though there is electrical power in your house, the light doesn’t turn on until you have flipped the switch to harness that power. God’s power is waiting for you to remember to flip the switch.

**SPOT THE FULL WORM MOON ON MARCH 9!**

\*The most common name for March's full Moon is the Full Worm Moon. At this time of the year, the ground begins to soften enough for earthworm casts to reappear, inviting robins and other birds to feed—a true sign of spring. Roots start to push their way up through the soil, and the Earth experiences a re-birth as it awakens from its winter slumber.

\*There are many alternative names for the March Moon, however. One such name was the Full Sap Moon, as this is the time of year when the sap of sugar maples starts to flow.

\*\*\*\*\*

**FOLKLORE FOR THE SEASON**

- *A wet spring, a dry harvest.*
- *On St. Patrick's Day, the warm side of a stone turns up, and the broad-back goose begins to lay.*
- *March comes in with adders' heads and goes out with peacocks' tails.*
- *Thunder in spring, Cold will bring.*
- *So many mists in March you see, So many frosts in May will be.*
- *In beginning or in end, March its gifts will send.*
- *Bleak winds assault us all around; Dances aloft, or skims the ground:  
See the school-boy—his hat in hand, While on the path he scarce can stand.*

“Thank you for the beautiful Christmas card. It was good to hear from you. It really brightened my day! I am no longer living in my house. Last April I fell and cracked my pelvis. After going through rehab at Sunny view I decided to move to Concordia at the Orchard. My house sold in November. I am grateful for all the happy years I shared with Joe there. The Orchard is very nice, and I have everything I need here.” My new address is:

**Notes from Katie's Kitchen...**

Well, it has been a great couple

of months learning the names & faces, routine, & procedures associated with my new role as manager of Katie's Kitchen. Everyone has been so welcoming & patient with me as I learn the workings of both churches & as I get to know the wonderful volunteers who give of their time to help prepare meals for the needy in our community.

We have been very blessed with an abundance of food stockpiled by Loretta & more donated each week. We have a nice variety to choose from to provide nutritious, appealing meals to our visitors. God continues to bless the work we do.

On a sad note, Barb Goeppner, one of the very loyal volunteers who came weekly to help, passed away suddenly on Feb 6, 2020. Barb was a fixture at Katie's — she always plated the desserts, helped get meals for those visitors who had mobility issues, & stayed til the last silverware was dried. She was an important part of our team of volunteers and we will miss her dearly.

The support we get from you- the parishioners of St Mark's, & the parishioners of Trinity is crucial in keeping Katie's Kitchen thriving going forward. At this point, monetary donations are needed to keep our pantry well stocked. In the near future we will be looking to replace the large chest freezer that is beginning to show its age, too. Any donations can be sent to Wendy in the church office.

For weekly info, check out our Facebook page— Katie's Kitchen, Butler, PA!

Again, we at Katie's Kitchen appreciate your support. God is Good♥

**LENT DEVOTIONS**

This year's Lenten devotional, *A Lenten Walk Through the Word*, was prepared by the Rev. Dr. David Wendel, NALC assistant to the bishop for ministry & ecumenism. "We will all benefit from additional time, if brief, spent reading God's Word, meditating on it and responding to it. This is the aim of this Lenten devotional booklet — to stimulate regular, personal, daily time in the Scriptures in an easy to use format that encourages faithfulness. We also hope that these brief readings and meditations will help those not used to daily Bible reading, to begin, at least during Lent. May our love for and knowledge of Holy Scripture grow, in some small way, as we take a Lenten walk together, through the Word!"

.There are multiple ways that you can access the 2020 NALC Lenten devotional:

- ✦ E-Reader Version – The full devotional is currently available in the Apple App Store and will soon be available in Google Play.
- ✦ Receive Daily Reminders – You can also sign up to receive the devotionals daily via Facebook Messenger. Visit: [m.me/thenalc](https://m.me/thenalc) and text "Lent." Then click "Subscribe."
- ✦ NALC Podcast – You can now listen to the Lenten devotional on the NALC podcast channel. Listen to the podcast on Apple, Google Play, Spotify or [thenalc.org/media](https://thenalc.org/media)
- ✦ Printed paper copy – You know, the old-fashioned way! Find the printed copies on the table next to the elevator. As we reflect on these passages from God's Word, may our faith in God be strengthened and our commitment to His Word renewed. "Did not our hearts burn within us while he talked to us on the road, while he opened to us the Scriptures." Luke 24:32  
ESV

# **NOTES FROM "THE PERCH"**

## THE HISTORY OF OUR TRAVELLING CHOIR

About six to eight years ago; and at the time, with the Lenten services being held in the Chapel, Pastor Al approached Music Director Ralph about the Choir singing near the Chapel area. The Choir tried singing in the Chapel Loft but it was difficult to hear the piano. The Choir tried singing near the piano, but it became too crowded with the Choir, the Director and the Congregation.

Singing from the Sanctuary Loft have created some problems that could not be solved. Any placement of the microphones in the Loft have always picked up sounds from the organ pipes and the mics were never close enough to the singers; at least one row of the Choir was in very poor lighting; at times, it was difficult to see the director; and, during one emergency, the Paramedics had a difficult time getting their stretcher into the Loft. And, at this point in time, it is one less set of stairs that the Choir members have to use.

Singing from the Sanctuary floor, Pastor Al and Ralph liked the sound; the diction was easier to understand; and most important, it felt like the Choir was a part of the worship service. With the Choir leading the Congregational music and visually seeing the Choir, we felt the Congregation started singing with more enthusiasm. For the next several years, the Choir tried singing around the Baptismal Fount (it became a little crowded at times); and, the Transept area (during the singing of the hymns, the Choir had a difficult time hearing the Organ and the placement of microphones in the Transept would be difficult because the microphone wiring is located on the opposite side of the Sanctuary – the upper Chapel wall side).

With the addition of the risers and the music stands with lighting, the Chapel seems to be the best placement for the Choir at this time.

The Worship and Music Committee – February 2020.
